

Mermaid's Quest

Immerse yourself in a captivating oceanic adventure where treasures await at every turn with Mermaid's Quest. The multigame features 12 exciting titles, all connected to a progressive jackpot.

Mermaid's Quest entices players with two types of bonus screens, each offering its own unique charm. Dive into the realm of small or big wins, accompanied by white or black pearls.

The multigame is carefully designed, combining new and proven mathematical models to ensure a perfect balance of excitement and entertainment.

● **Jackpot: Mermaid's Quest Jackpot**

● **Platform: V 1000**

● **Cabinets: NEXT, EZ Modulo 27/27, EZ Modulo 32/32**

● **SAS Protocol: SAS 6.02**

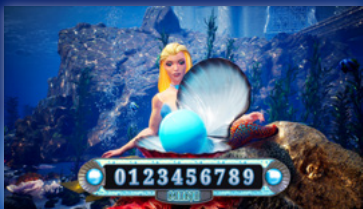

Jackpot Concept

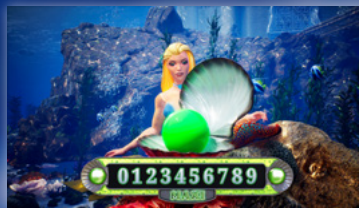

The pearls cascade onto the main screen, creating an irresistible allure and the built excitement while collecting these precious pearls, forming a mesmerizing pile on the second screen. The pile occasionally “drops,” unveiling the thrilling bonus screen that holds the key to multiple jackpot levels – a s pinning strike that guarantees an adrenaline-fueled experience.

With two types of bonus screens, players can chase small or large wins, each offering its own level of excitement, distinguished by white or black pearls. Experience the rush of bonus free games and revel in the anticipation of extraordinary rewards.

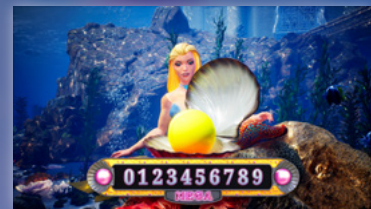

What’s more, an exclusive “bonus” jackpot level awaits players, triggered when the entire bonus screen fills with pearls, offering an enticing prize with no increment. An exclusive reward for the most daring and fortunate.
